Titan 1500 lb Motorcycle Lift

The heavy-duty Titan 1,500 lb. capacity motorcycle lift comes complete with everything you need to help you perform maintenance and repairs on your heavier ATV's, motorcycles and other vehicles. The dual function power unit allows you to hook the lift up to compressed air or simply use the hydraulic foot-pump operation to raise and lower your vehicles while the automatic safety locks make sure that you are safe and secure the entire time. Built from heavy duty 12-gauge steel and powder coated with your choice of a durable red or black finish, the Titan 1500XLT is one of Titan's finest.

Includes:

- Rubber Lined Front Wheel Vise
- Front Table Extension
- Side Extensions
- Standard Rear Wheel Drop Out & Roller Plate Drop Out
- 3 Detachable Motorcycle Ramps
- Air / Hydraulic Pump Unit
- Rear Support Poles
- Retractable Casters
- Low Profile Ramp
