DESCRIPTION

The Titan PREMIER Series 2-post automotive lifts offer best-in-class features with unmatched fit, finish, and quality. These commercial grade lifts have been rigorously tested to withstand day in and day out operation making them the perfect solution for any high-volume service shop or even just the "Weekend Wrench" who's looking to get their ride ready for the next event. Aesthetically, you'll notice the unique hammered-gray powder coated finish that is extremely resistant to marring, ensuring that this lift will look great for many years to come. Looking into it a little further, you will also notice the all-internal hydraulic hose, equalizing cable, and lock release cable routing, leaving you with a very clean and tidy install. If you are looking for the best value with uncompromised quality and safety, look no further than the Titan PREMIER series line-up!
